AFR-PAC Officially Endorses Candidate Wendy Rogers to Represent Arizona's 1st Congressional District in Congress

The Americans for Firearms Rights political action committee is proud to endorse and support candidate **Wendy Rogers** for the U.S. House of Representatives (*Arizona – District 1*) in the upcoming 2018 general election. Lieutenant Colonel Rogers retired from the U.S. Air Force following 20 years of faithful service to our great nation. She was one of the first 100 women pilots in the branch; and finished her career with many commendations, including the Defense Meritorious Service Medal.

As a veteran and a concealed carry weapon permit holder, Wendy understands that our 2nd Amendment right to bear arms enables us the citizenry to protect all our other constitutional rights from those who mean to do harm to us, our families, or our fellow Americans. Regardless of those enemies being foreign, domestic, or from our own government. And she is also acutely aware that “Gun Free Zones” and the prohibition of certain types of firearms or accessories will not be effective solutions to beneficially change the prevalence of gun violence in the United States today.

An understanding that we the people need a better way to guarantee that our children have an opportunity to focus on learning in school; instead of wondering if they are moments away from danger, or something horrifically worse. A better way which does not infringe upon the rights of law-abiding citizens; or compel them to give up some of their liberties for a small sense of false security. A way forward from where we find ourselves today.

In addition to her views on the right to bear arms, this committee also applauds Wendy for her position on immigration. In our humble opinion, the U.S. government must make sure our borders are made secure from illegal immigration and criminal elements; and must also require Congress to establish a clearly defined path for legal immigration and political asylum.

Sincerely,

Timothy J. Melchior
